

## Garden of Eden

Do you really want to pay the price?  
Do you really? – you better think twice.  
Think about it, are you right?  
Is tonight the night of your fight?

See the flower on the hill,  
Feel the power made by its will.  
Its beauty is so hard to kill  
'till someone kicks it just for thrill.

*In the Garden of Eden –  
In the House of Pain –  
In the Darkness of the Night –  
We are all afraid.*
